### EXAMINER'S AMENDMENT

Applicant's reply received on April 06, 2010 has been entered and arguments were found to be persuasive.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Karen LeCuyer on July 12, 2010 at 5:15pm (EST).

The application has been amended as follows:

In the claims:

In line 7 of claim 1, after the phrase "wherein the vascular permeability disorder is" please insert ---"increased vascular permeability associated with---

In line 7 of claim 1, after the word "thrombocytopenia", delete "ischemic cardiovascular disease".

### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The closest prior art was Doherty et al. (US 2004/0058894 already of record in the rejection dated March 10, 2010)

which taught using the same compound applicant is claiming, FTY720, for treatment of atherosclerosis but they do not teach acute respiratory distress syndrome or any of the claimed disorders of claim 1. The compound is known as an immunosuppressant and it would not have been obvious to use FTY720 for the claimed disorders of which there is no link to treatment with immunosuppressants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

For these reasons stated *supra*, the composition and method of making claims 13-33 are allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Meghan Finn whose telephone number is (571) 270-3281. The examiner can normally be reached on 8:30am-6pm Mon-Thu, 8:30am-5pm Friday (EST).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ardin H. Marschel can be reached on (571)-272-0718. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
